As part of this final rule, 23 CFT 450.314 (h) was amended to state:

information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO (see §450.306(d)), and the collection of data for the State asset management plans for the NHS for each of the following circumstances: When one MPO serves an UZA, when more than one MPO serves a UZA, and when an MPA includes a UZA that has been designated as a TMA as well as a UZA that is not a TMA. These provisions shall be documented either as part of the metropolitan planning agreements required under paragraphs (a), (e), and (g) of this section, or documented in some other means outside of the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation.

The phase-in deadline for this requirement is May 27, 2018. The following approach was cooperatively developed to address 23 CFR 450.314 (h):

3. TRANSIT OPERATOR will adopt Transit State of Good Repair (SGR) targets annually. SGR targets will be reported to the FTA's National Transit Database, and to the MPO.
4. Following the initial target setting, the MPO will choose to support TRANSIT OPERATOR's SGR targets or adopt MPO-specific targets no later than 180 days after the date TRANSIT OPERATOR sets its targets. MPO targets will be revisited as directed by FTA.
