Re: May RPA 8 Board Meeting

Dear Chandra:

This letter is a follow-up to our meeting last week. As you know we are going to be reconstructing the south part of Highway 136 in Cascade next summer. This project is approximately \$2M in cost, of which \$800K is the responsibility of the City. I have attached the draft plans and cost estimate that was prepared by our City Engineers at MSA and approved by IDOT. Our main contact at IDOT is Anthony Bardgett. We would appreciate an opportunity to meet with the RPA 8 Board in May to discuss the project and possible funding assistance. Thanks for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Lisa A. Kotter".

Lisa A. Kotter
City Administrator
